

SOUTH BAY BEAN CITY LAKE HARBOR

Mr. and Mrs. Claude McLeod and Debbie of Leeburg visited here, Mr. and Mrs. Al Bravado in Belle Glade, and Mr. and Mrs. Byron Walker in South Bay over the weekend.

Mrs. Mark Challancin, Mrs. C. E. Crichtfield, Mrs. S. L. Eckman, Mrs. Floyd Walker, Mrs. Pella Morris attended a stork shower complimenting Mrs. Hector Ouellette given by Mrs. Abbott and Mrs. Freeman in Belle Glade Thursday night.

Mrs. Edna Walker opened her new restaurant at Fort Myers Beach Saturday. She is assisted by her daughter, Mrs. Pauline Walker, and Miss Betty Haymore.

Mrs. W. H. Wilson, Jimmie and Mary Frances of Miami visited Mr. and Mrs. A. B. Barnes Sunday afternoon as they were enroute home from Okeechobee where she had been visiting her mother-in-law, Mary Frances who has just returned home from Mississippi where she has been attending school.

Miss June Ratley of Lakeland, Mrs. R. L. Cantrell and son Bill Cantrell, of Fort Pierce, were Thursday night supper guests of Mr. and Mrs. O. H. Martin.

M. J. Hardy made a trip to Gainesville to bring his son, Ray, his wife and daughter, Pamela, to South Bay for a week's vacation visit. They will also spend a week at New Smyrna Beach with her parents, Mr. and Mrs. I. E. Hamilton, before returning to Gainesville.

for the summer session at the University of Florida.

Eight South Bay young people are in the Belle Glade High School graduating class this year. Lou Ann Austin, D. A. Davis, Lynn Dasher, Marian Rodriguez, Rodney Walker, Glenn and Ronald Martin.

Mr. and Mrs. Valton Sheffield, Valton, Jr., and her sister, Judy Jackson of Cross City, visited Mr. and Mrs. Frank Prevatt at Bean City for a few days this week.

Mr. and Mrs. S. W. Cinar of West Palm Beach were Sunday and Monday guests of his brother and sister-in-law, Mr. and Mrs. W. E. Cinar at South Shore Plantation.

Miss Hazel Prevatt is spending a couple of weeks in Tampa with her sister and brother-in-law, Mr. and Mrs. C. E. Hutcher and family.

The Intermediates and Young Peoples Sunday School Classes of the South Bay Baptist Church enjoyed a day's outing, a swim and picnic at Phipps Park in West Palm Beach Saturday.

Mrs. Roy O'Bannon of Tucson, Ariz., is expected soon to visit her mother, Mrs. Laura Crow, her brother, Alvin B. Crow, her sister, Mrs. E. M. Willis, and families in South Bay, her sister, Mrs. C. C. Hutson and brother Bill Crow, in Miami.

Mrs. Henry Eilers, son, Fredrick, and daughter, Clara Ann, will return the last of the week from Okeechobee where she has been visiting her parents, Mr. and Mrs. Frederick Smith, Clara Ann attended junior high school.

in Okeechobee this past year and made her home with her grandparents.

Mrs. Clayton Waters, daughter, Penny, and Mrs. John L. Evans of Bean City took Mrs. G. M. Waters of Goodno, to the doctor in Fort Myers, Saturday, and did some shopping.

J. D. Davis is a patient in Good Samaritan Hospital suffering from a heart ailment. His daughter has been summoned from New York City, to his bedside.

R. D. Hawkins of Perryville, Arkansas, and grandson, Tommy Hoyt of Miami, were overnight house guests of Mr. and Mrs. O. H. Martin last week and called on old friends here.

W. G. Bowen and J. C. Bowen left last week for Statesboro, Ga. to visit their parents, Mr. and Mrs. W. H. Bowen and assist in remodeling and modernizing their home.

Mr. and Mrs. John A. Lamour, took a three-day vacation at Savannah, Ga., last week. The children, Johnny, Teresa, Curtis and Suzanne remained here with their grandparents, Mr. and Mrs. A. N. Lamoureux.

Following the gift display, in individual apple pie a la mode, punch, soft drinks, mints and others were served. Mrs. Martha Hitchcock, Mrs. W. R. Sullivan, Mrs. R. B. Woodham, Mrs. F. B. Willis, Mrs. J. S. Summerlin, Mrs. James Jackson, Mrs. A. A. Goodbread, Mrs. P. E. Goodbread, Miss Louisa Pelka, Mrs. Earlene Howse, Mrs. E. M. Willis, Mrs. G. J. Barstow, Mrs. M. J. Hardy, Mrs. R. L. Cantrell, Mrs. Edwin West, Mrs. Claude Simmons, Mary Lou Mott, Mrs. O. H. Martin, Mrs. I. M. Davis, Mrs. Gerome Woodham, Mrs. R. W. Edwards, Miss Harriet Edwards, Mrs. Alfred Vadas, Mrs. Nina Sparsena Challancin, Miss Victoria Challancin, Mrs. Wm. Blackwell, Mrs. John Cooper, Mrs. Jay Smith, Mrs. J. W. Mathewson, Mrs. H. C. Willis, Mrs. Howard Woodham and the prospective bridegroom, Bill Cantrell.

Mr. and Mrs. Alfred Vadas, Karen and Karol, and Mrs. B. Fender visited Mrs. D. W. Fender and Mrs. Patsy Alphin in Fort Lauderdale Sunday.

Mr. and Mrs. James Jackson and children of South Shore Plantation visited her brother and sister-in-law, Mr. and Mrs. Olin McKinley in Miami Sunday.

Mr. and Mrs. Hovas Prevatt and family of Bean City visited her mother and sister relative in Fort Mead Sunday.

Mr. and Mrs. L. H. Rosendahl and sons of Naples spent the weekend with her mother, Mrs. C. A. Armstrong in Bean City and left early Tuesday for Maconia, N. H. where they will spend the summer and operate a seasonal store.

Mrs. Georgia Smith and family have moved the Bottled Gas business to Lake Harbor and are occupying the Larrick dwelling.

Mrs. F. W. Mutchler and daughter Miss Jackie Mutchler of West Palm Beach were Sunday guests of Mr. and Mrs. Leland Hardy.

Mr. and Mrs. Willis Warren and family of Orlando are visiting relatives in South Bay and West Palm Beach.

Mrs. Dick Miller took her son Charles to Miami Tuesday, to have a new brace fitted to his leg, disabled by polio.

Population of South Bay For 1955 Is 1452

The 1955 census gives South Bay a total of 1452 persons, an increase over the 1950 census of 400 which would indicate quite a nice little increase in population in the last five years. The official report does not break down this number between whites and negroes so it is impossible to tell whether the increase was proportionate between the two races or chiefly one or the other.

The migrant population which spends the winter season here is beginning to move out to follow the season as it moves north through North Florida, Georgia, the Carolinas and New York and other northern points. The next two weeks will probably see most of the migrant labor gone from South Bay and other Glades communities, leaving only the year around residents for the summer season. Many of the permanent residents will be going on vacation during June, July and August, all returning by the time school opens in September.

School Faculty To Have Changes Coming Year

The South Bay school faculty will have some changes this coming year. George King, seventh grade teacher, has resigned his position. Mrs. Ann Ouletta, sixth grade teacher, has been granted a year's leave of absence. George and June Nichols have been appointed to take their places.

J. L. Tennant, principal of the Rosenwald School is being transferred to the Riviera school for the coming school year. He

has been principal here for a number of years and given excellent satisfaction.

Lucy Antomarchi Feted At Farewell Party
Lucy Antomarchi was complimented at a farewell party at the Pahokee Swimming Pool before leaving to make her home with her brother in New York City.

Those in the party were Josephine Martin, Jean Rive, Bonnie and Shell Williams, Clete King, Rodney Sweet, D. A. Davis, Warren Austin, Larry Williams, Billy Jackson, Pat Kyle, David White, Barbara Masonic, Tony Woodham, Ray Cinar, Marsha Walker, Jimmie Lou Summerlin, Gloria and Donald Ray Stokes.

Bridal Shower Honors Miss June Ratley

Mrs. John L. Evans, Mrs. A. Williams, Miss Hazel Prevatt, Mrs. W. M. Jeffries, Mrs. Dorothy Conway and Mrs. C. S. Waters were hostesses Thursday evening at the Waters' home at a pre-nuptial shower complementing Miss June Ratley.

Prizes to winners of girls were presented to Mrs. Billy Rogers and Miss Myrtice Gilman.

Following the gift display, in individual apple pie a la mode, punch, soft drinks, mints and others were served. Mrs. Martha Hitchcock, Mrs. W. R. Sullivan, Mrs. R. B. Woodham, Mrs. F. B. Willis, Mrs. J. S. Summerlin, Mrs. James Jackson, Mrs. A. A. Goodbread, Mrs. P. E. Goodbread, Miss Louisa Pelka, Mrs. Earlene Howse, Mrs. E. M. Willis, Mrs. G. J. Barstow, Mrs. M. J. Hardy, Mrs. R. L. Cantrell, Mrs. Edwin West, Mrs. Claude Simmons, Mary Lou Mott, Mrs. O. H. Martin, Mrs. I. M. Davis, Mrs. Gerome Woodham, Mrs. R. W. Edwards, Miss Harriet Edwards, Mrs. Alfred Vadas, Mrs. Nina Sparsena Challancin, Miss Victoria Challancin, Mrs. Wm. Blackwell, Mrs. John Cooper, Mrs. Jay Smith, Mrs. J. W. Mathewson, Mrs. H. C. Willis, Mrs. Howard Woodham and the prospective bridegroom, Bill Cantrell.

Mr. and Mrs. Willis Warren and family of Orlando are visiting relatives in South Bay and West Palm Beach.

Mrs. Dick Miller took her son Charles to Miami Tuesday, to have a new brace fitted to his leg, disabled by polio.

Lions Benefit Dinner Scheduled For Friday

The South Bay Lions Club will serve one of their famous barbecued chicken dinners on Friday, June 3, at the recreation park.

The purpose of the dinner is to raise funds for the South Bay Lions baseball project. Plate will be \$1.25 for adults, 75 cents for children.

Service will start at 6 o'clock and continue until all are served. The public is cordially invited to come enjoy the dinner and the park facilities and in the same time contribute to this worthwhile summer project.

Girl Scout Court Of Awards Held Friday

The Girl Scout Court of Honor marked the last meeting of the Scouts for the season. The meeting opened at 7:30 p.m. at the Municipal Park last Friday and after presenting the color guard and repeating the salute to the flag each scout troop presented a skit.

The second grade Brownies gave a skit depicting the polo shots given in school. The 4th grade Brownies portrayed Arthur Godfrey talent scouts in frontiers, suitably costumed, and a dance group with acrobatic dancing and ballet dancing, also portraying a tap routine.

The fifth grade intermediates gave a skit showing how obeying the Girl Scout Laws could lead to a better troop meeting. The sixth grade intermediates, whose leader could not be present earned cooking badges this year. Their names were read by Mrs. Allen, as follows: Linda Lutz, Helen Hart, Ann Murray, Martha Farmer and Ruby Baby.

Mrs. Fred White presented the second class awards to each girl must perform selected activities from each of the 11 program fields. This is so that she may know where in scouting her interest lies. Then in working toward her first class rank, she chooses from the fields in which she has discovered she

has the most interest.

The 4th grade Brownies, led by Mrs. LeChance, having completed the requirements for the Tenderfoot rank in Intermediate Scouts, "Flare up" from Brownies into Intermediates. To fulfill the requirements for this rank, the girls must know the girl scout laws, a promise, slogan and motto; must know the history of Girl Scouting; must know how to display the flag and other matters relating to flag etiquette; must have satisfactorily completed one or more activities from the fields of homemaking and outdoor activities. These girls were welcomed into Intermediate scouts by Mrs. White.

The 2nd grade Brownies, led by Mrs. Mulberg, Mrs. Hodges and Mrs. Royal received a membership pendant to hang on their Brownie pins signifying one year's membership in girl scouts.

Each leader, as she introduced her girls for their awards, mentioned some of the things the troop had done this year, and each expressed her appreciation to parents and friends who were helpful this year.

Mrs. R. J. Allen, Jr., central committee chairman welcomed the parents and friends, and introduced the leaders who have worked with troops this year and also the vice-chairman of the central committee, Mrs. Grant E. Averill, and the secretary-treasurer, Mrs. Russell Tucker. She then introduced Dr. R. J. Allen, Jr., a member of the central committee, and a delegate from this community to the Steering Committee which is working toward an Area Council.

Dr. Allen is serving as chairman of the steering committee. Dr. Allen, spoke briefly on what belonged to the Area Council will mean to the community in the way of improving the program for the girls, and how improving the program for the girls would lead to overall community benefit. He stated that the cooperation of the citizens of the community would be needed because more people would be needed to carry out the program and money would be needed to finance it. He pointed out that the boys are

receiving the attention of the city in the boy scout program, in Little League activities, etc., and urged that just as much time and money be expended upon the girls. He especially

asked for men to help on the Girl Scout program, saying that they need not be hesitant to join the Girl Scouts for they would have the company of 30,000 other men in the nation.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Most the champ! The new Chevrolet "Turbo-Fire V8" — the most modern V8 on the road today. Here's what happened—

Daytona Beach, NASCAR Accelerated Mile. Open to cars from Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the 11! And on a time basis Chevrolet beat every high-priced car, too—but one! But wait—this is just the beginning!

Daytona Beach, NASCAR Straightaway Running. Open to cars finished in Florida for \$2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach, NASCAR 2-Way Street Race. Open to cars from 250 to 299 cc. in displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stop!

These facts you can't laugh off. Sales leader, Road leader. A crowning achievement of Chevrolet and General Motors. Try a Chevrolet... and live in a land of going-away where you win all the arguments! Soon, maybe?

*National Association for Stock Car Racing

Technology On The Farm
In the last quarter-century, as almost everyone this side of the Iron Curtain knows, there has been an amazing increase in American industry production.

What is not so generally known is that the same thing has happened in agriculture. Indeed, while industrial output per manhour increased 75 percent during the past 25 years, it has increased almost 100 percent in agriculture.

In other words, science and technology are revolutionary factors on the farm as they are in the factory. Chemistry has shown the farmer how to raise better crops and how to protect them from blights and insects. Electric power has eliminated all kinds of arduous chores. Proven conservation techniques make it possible to save the topsoil and preserve the richness of the land. And, to top importance, modern farm equipment, of which the tractor is the basic item, have made it possible to do the main work of farming far more rapidly, efficiently, economically, and easily than in the past.

It is true that this agricultural revolution has produced a problem of surpluses in some fields. That is a serious and vexing problem—but there is reason to believe that it may be of a temporary nature. By 1975, it is forecast that there will be 25 percent more people to feed in this country—and that fewer farmers, working a virtually fixed acreage, will have to produce their food. And the potential market for American food in the undeveloped and chronically hungry nations of the world is enormous.

As the years wear on, it is inevitable that we will need more and more technological progress in agriculture just as we will need it in industry.

Will TVA Sell Groceries?

A strong fight will be made during this Congress to block execution of the Dixon-Yates contract under which taxpayer private enterprise is to build a \$107,000,000 steam electric plant at West Memphis, Arkansas, to serve a major Atomic Energy Commission installation, and to appropriate tax money to enable the Tennessee Valley Authority to enlarge its steam-generating capacity and to provide the service.

The West Memphis News had something interesting to say about that: "The reports are that the Tennessee Valley now has all the power dams that it can support, and with a heavier power load in prospect, some more steam plants are going to be needed in this area."

"There is where the hot argument develops. Generating power with a multipurpose dam, built with tax money, is one thing, and generating it with a one-purpose steam plant, built with tax money, is another thing."

"A good many people, not in the least opposed to the TVA and in fact, supporters of it, don't see any reason for building steam plants with taxpayers' money, when private investors are ready to do it."

"To them, it seems that the TVA might as well start selling groceries after it has reached the potential of water-generating power in the Tennessee Valley."

Or, for that matter, the TVA might as well start building automobiles or operating farms or publishing newspapers. There, in essence, is the real issue that underlies the conflict over the Dixon-Yates contract.

GRASS ROOTS OPINION

"A suggestion that stockholders be guaranteed an annual dividend meets with silence or chuckles, but a guaranteed annual wage, which must come from the same source, is presented as a demand and considered seriously."—Bellingham (Wash.) Herald.

"Mass production, a backbone of our economy and our standard of living, is not new in America. Away back in 1798, when each army rifle had to be made laboriously by hand, each part to fit one gun and one gun only, Eli Whitney evolved an unheard-of method of speedily forming and stamping out 'standard' interchangeable parts and assembling them later. . . . The idea caught on, and has been going strong ever since."—Georgetown (Ill.) News.

"Anyone who has had any dealings with governmental agencies knows full well that economy of operation has never been an important item. 'Uncle Sam is paying the bill,' was the general refrain. However, W.F. Uncle Sam, a penny saved is a penny earned. It's about time Uncle Sam and his extravagant nephews started realizing that fact."—Saugerties (N. Y.) Daily Post.

Where The Trouble Lies

Senator Byrd of Virginia recently made this significant comment on the federal budget: "We are enjoying the greatest prosperity in our history. We are not engaged in war. . . . If we cannot balance the budget now, I ask when can we balance it?"

"The basic trouble lies in the Big Government philosophy. Economy in government will remain a will-o'-the-wisp so long as we must support a government which provides all sorts of services and projects that the people can and should provide for themselves."

EDITORS DEFEND THE RIGHT TO WORK

The American Press magazine recently polled the editors of weekly newspapers to get their views on a number of current legislative controversies. One concerned the right-to-work laws, forbidding compulsory union membership, which have been passed by 17 states.

Of the 1,599 editors answering the poll, 861 per cent favored the laws and only 13 per cent were opposed, with the small remainder offering no opinion.

"The great majority of editors, like the great majority of other citizens recognize the need for unions and support the legitimate activities of organized labor to better itself. But to force a man to join any organization and pay dues to it before he can earn a living is plain tyranny. Let the unions get their members on the basis of merit."

"I Got A Job Yanking Fizzes, Down At The Pill And Pop Parlor I'm Supposed To Draw The Pigeon Trade."

HERALD
MAIL BOX

This column is for Herald readers to express their views on the contents of the day. They are not necessarily the opinion of this paper.

The Mayor, City Hall, Belle Glade, Florida.

Dear Mr. Mayor: I am searching for cousins in the U.S. and would welcome information from people who know of them. I am Minogue, Manogue or Manix (a variation) and, of course, from those lucky people themselves.

As a matter of fact, I would appreciate hearing from anybody interested in Ireland.

Thanks in advance for handing this letter to a local newspaper editor in the hope that he will print my query.

Yours sincerely,
Edward Minogue
Claremorris,
County Mayo,
Ireland

MODERNIZATION BRINGS LEGAL PROBLEMS

The city council has ordered city attorney Claude Jones to proceed with contempt of court action against William Radler for failure to comply with a court order to demolish a dilapidated building in the 400 block of Avenue A. City Inspector W. L. Cunningham said the building was in violation of the city building code, a fire ordinance and was a public nuisance. The building has been condemned and must be demolished.

It was agreed that when the city inspector cites any structure to be demolished or repaired, the owner may have said property re-evaluated by a group of three contractors. Action will then be taken in accordance with their findings.

ACCOUNTANT BAMFORD STILL AILING

W. C. Bamford, originator of the idea that Federal tax boys should recognize the depletion of natural resources, as related to the muck soils, is allowable as a deduction, is getting closer to "home plate" with a recent request by the Commissioner of Internal Revenue to a ruling on such an allowance.

Before the late Dwight Rogers' death, representations were made to Congress and to the Bureau concerning the equity of such a consideration, and finally, at the suggestion of Paul Rogers, a definite ruling is being asked, as the Department has appeared sympathetic to the idea.

Messrs Stevens and Johnson forcibly depicted soil erosion and depletion in the muck soils some years ago, and with this as a basis, Mr. Bamford had advanced his idea energetically. If a favorable ruling is not forthcoming, Mr. Rogers will present the problem to Congress for some legislative and favorable action.

WESTERN CYCLONE
(Continued from Page One)
One of any size appeared on land. The weather boys reported that a cyclone had been traced by radar from Texas and across here. This is probably an off-shoot of the main cyclone just wandering on a "look-see" over Florida.

However, Russell and his crew are fully cognizant of the fact that some power was looking after them, and are thankful.

CHILD STRICKEN WITH POLIO

Janet Elaine Chambliss, who entered St. Mary's Polio Ward last Saturday about noon with bulbar type polio is holding her own, according to reports from the family.

Janet, six-year-old daughter of Mrs. J. H. Chambliss was rushed to the hospital following examination by Dr. Pipes and later by Dr. David Martin, pediatrician. Only symptoms Mrs. Chambliss noticed in her daughter was an impediment of speech.

NATIONAL GARDEN NEWS

(Continued from Page One)
attendance were: 2nd Lt. James F. Aunapu, 2nd Lt. John H. Cromarite, 2nd Lt. Warren L. Howell, 2nd Lt. Joe C. Leavitt, Jr., M-Sgt. Perry D. Rignold, SFC John G. Sullivan, SFC Charles M. Tryon, Jr., SFC John M. Munroe, Cpl. Mallic C. Spurlin, Jr., Pfc. Luke Jones.

Awarded the Drill Attendance Ribbon for three years' perfect attendance were: 2nd Lt. James F. Aunapu, 2nd Lt. John H. Cromarite, 2nd Lt. Warren L. Howell, SFC Charles M. Tryon, Jr., SFC John M. Munroe, Pfc. Luke Jones.

Awarded the Drill Attendance Ribbon for four years' perfect attendance were: 2nd Lt. James F. Aunapu and SFC John M. Munroe.

HERE'S A DIFFERENCE!

Between
Your Doctor
And Your Pharmacist
But, they both work together
with one purpose in mind
... to safeguard your health.

Even our experienced pharmacist can't prescribe
medicine for you. That's your doctor's job. But he
will carefully compound his prescriptions and help you
maintain your good health with first aid needs, dietetic
preparations and other pharmaceuticals.

Trinity Sunday To Be Observed At St. John's

The setting aside of the Sunday after Pentecost as Trinity Sunday began in the 10th century in what is now Belgium and spread to the Netherlands and Germany. It was adopted by Rome until several centuries later after which the observance was kept throughout the West. In the Eastern Orthodox churches Trinity Sunday was observed as the Festival of All Saints.

In England and Northern Europe Trinity Sunday marked a new season, the Trinity Season, running until Advent. In Rome and Southern Europe the season was called the Pentecost season which it now is throughout the Roman Catholic church since 1570 when the revised Roman Missal was authorized.

In his sermon next Sunday, Father John Clarence Peirce, vicar of St. John's, will show how Christ revealed the dogma of the Blessed Trinity to the Jewish leader, Nicodemus, as told in St. John's Gospel.

NEGROES RECEIVE PARK APPROPRIATION

The City has made available two sums of money for the purchase of recreational equipment for the Belle Glade park department and the Lakeshore school playground.

Three hundred and fifty dollars was set aside at the request of Los Amigos club to purchase lighting and wire for basketball and tennis courts for the Lakeshore playground with the stipulation that the money be moved to the new Negro park when it has been completed.

The sum of \$200 was set aside to purchase baseball and ping pong equipment for the park department.

Over 230 Baptists Attend Barbecue

Twenty members of the South Bay Baptist Brotherhood and their wives attended a Big Lake Association Brotherhood Ladies' Night at La Belle Monday night.

A barbecue supper was served to 237 members from the various churches in the association.

Those attending from South Bay were Rev. and Mrs. John Cooper, Mr. and Mrs. Sam Pitts, Jim Hendry, W. L. Cunningham, Mrs. H. C. Willis, Mr. and Mrs. J. S. Smith, Mr. and Mrs. James Jackson, Mr. and Mrs. Thurmon McKilley, Mrs. Alice Lamoureux, Mr. and Mrs. Hovas Prevatt, Mr. and Mrs. Wm. Blackwell, and Mr. and Mrs. R. B. Woodham.

The program was conducted by Mack Green of Moore Haven, vice-president and the business session was led by President Ben Dixon.

The opening prayer was given by Rev. Henry Cypress, in charge from Brighton. Special music was presented by a group of Big Cypress Indians, and a quartet from the First Baptist Church of Cleveland.

Speakers and their topics were: Why Do We Have a Baptist Sunday School by W. D. Coker of Okeechobee. Why Have a Baptist Trained Youth by Dennis Small of La Belle. Why Have a Baptist Brotherhood by Jim Bell of Moore Haven. Why Have a Baptist WMU by a member from South Cleveland. Why Tithes? by W. L. Cunningham of South Bay. Why Use Baptist Literature? by Miguel Miller, Cleveland.

Rev. John Cooper, Mr. and Mrs. Thurmon McKilley accompanied a group of intermediates and young people of the

Fla. P&L Franchise Discussed At Next Council Meeting

The rebate franchise comes up for final reading at the forthcoming meeting of the city council June 8. The agreement with Florida Power and Light Company which would return a sum of money expected to exceed \$15,000 to the city is expected to pass.

Other matters to be discussed at the meeting include a revision of Chapter 15 of the city code. This chapter dealing with health and sanitation measures must be revised to comply with state law dealing with the same matters.

The hottest issue, no doubt, at the next meeting will be the rezoning proposal concerning the Lakeshore sub-division. This matter caused some uneasy shifting in the chairs of the councilmen at the last meeting.

It will be learned at the next meeting the requirements of the Federal Housing Authority if the property is zoned R-2 as recommended by the Planning Board.

The commission has already ordered an ordinance drawn to re-zone certain sections of land south of Avenue E between Second and 10th Streets of R-2. In addition a tract of land from 8th Street to Tenth Street on Avenue E has been annexed from business to residence building. This tighter restric-

tion would allow dwellings of no more than four units to be built there.

One other item for presentation to the city council at the next meeting is a donation from the city for the city baseball team. A representative of the newly-formed team is expected to request a \$50 donation.

City's Progress Is Muddy And Dusty

A closed bridge over the Hillsboro canal at Main Street caused enough frayed nerves and outbursts of tempers last Thursday for an operation twice its size. Hundreds of Belle Glade citizens and passers through expressed "outrage" at the fact that the way-span at Main Street had to be opened to permit the Clemens Construction Company drag-line to dredge under the bridge.

All northbound traffic was routed down Avenue E, across SR 717 to the Chosen bridge then cut back to Main Street. Southbound traffic suffered a reverse fate.

All this re-routing called for a detail of four Belle Glade policemen to be stationed at points on the detour. Chief Charles Goodlett said the operation went smoothly. In all, the bridge was out from 10 a.m. Thursday until 2 a.m. Friday.

Oldtimers claimed there was a much storm as dump trucks hauling the muck and marl from the canal showered practi-

cally every thoroughfare with what they apparently couldn't carry. Some drivers were heard to remark that they thought the city or the construction company should pay for a car wash. Suffering most from the canal dredging is the Palm Beach Road. Crews have cleared a great deal of the mud off and the road is at least passable.

A spokesman for the Clemens concern said the smaller drag-line would be working on the road site another ten days completing the grading. Meanwhile, the larger drag-line continues to inch its way down the canal to ward 6-Mile-Bend.

"Know Your Business" Heard By HD Club

"Know Your Business" was the topic presented by Miss Sara Horton at the regular meeting of the Belle Glade Home Demonstration Club held at the Municipal Clubhouse last Thursday afternoon.

In her talk, Miss Horton gave the fundamentals of being a good business woman, which included facts about insurance and making of wills.

Miss Horton, who has been county home demonstration agent for the past eight years, has submitted her resignation effective July 1. She stated she was resigning for personal reasons. The county commission accepted the resignation with regret and ordered a resolution of commendation drawn for Miss Horton in appreciation of the service and leadership

which she has provided for residents of Palm Beach County. She plans to meet with the local group June 16, when a pot-luck luncheon is planned. Those attending were Mrs. Della Altman, Mrs. Urban Felling, Mrs. Clara Goodhill, Mrs. W. R. Hooker, Mrs. R. W. Kildner, Mrs. David Moten, Mrs. W. J. Rawls, Mrs. E. W. Schettler, Mrs. Wayne Ellis, Mrs. R. G. Murray.

Mosley Makes ASC In Three Sports

Walter Mosley, Belle Glade senior, was named on the first annual All-Suncoast Conference baseball team Wednesday, thus ending his high school sports career and making him the first athlete in the history of Belle Glade to be chosen on all three All-Suncoast Conference selections. During the past year Walter was also placed on the all-star football and basketball teams, playing fullback and guard respectively for the Golden Rams.

Coach Calvin Peacock and Hector Ouellette were high in their praise for the promising young athlete who is planning to enter Stetson University this fall. Walter's parents, Mr. and Mrs. J. W. Mosley, both graduated from Stetson University. Bobby Ray Jones, a senior, received honorable mention for the catching position.

Large Crowd Attends Baptist Homecoming

The annual homecoming service at the Lake Harbor Baptist Church was attended by approximately 150 members, visiting former members and pastors and visiting pastors who had been attending the Southern Baptist Convention in Miami.

Rev. C. L. Clements, former pastor, delivered the morning address.

A delicious luncheon was served during the noon intermission by the women of the church.

Rev. U. W. Malcolm, pastor of the Belle Glade Baptist Church, delivered the afternoon sermon.

Following the close of the afternoon session the pastor, the Rev. H. R. Hartsfield, baptized seven at the first Baptist church tent in Belle Glade.

Willie Mae Handley, Mae Handley, Mrs. Elbert Tyson, Morgan Tyson, Tommy Tigdale, Buddy Greer, Robert Marlin.

Vacation Bible School To Begin At S.B. Baptist

The South Bay Baptist Church will open their annual Vacation Bible School at the local church on Friday, June 10, at 9:30 o'clock with a parade from the school to the church, followed enrollment in classes and culminated with a picnic luncheon.

Regular classes will start on Monday, June 13 and continue through June 24, each afternoon Monday through Friday, from 1:30 p.m. to 4:30 p.m.

Mrs. R. A. Hall will act as general superintendent assisted by superintendents and teachers from each department.

Mrs. H. S. Smith will be intermediate superintendent, Mrs. Sam Pitts, Mrs. Jack Collins, Mrs. Hovav Prevat, and Mrs. R. S. Sullivan, teachers.

Mrs. W. W. Jeffries will be primary superintendent, Mrs. Clinton Boatwright, Mrs. E. J. Leathlean, Mrs. W. E. Clineard.

Sexual Temptation vs. Christian Conscience

Mr. J. B. Hendry will be superintendent of beginners, Mrs. D. N. Partain and Miss Joyce Partain, teachers.

Mrs. John Cooper, pastor, will be in charge of the junior and intermediate boys handcraft.

Churches of Christ, Scientist

The way to healthier, happier living through spiritual understanding of God as the only real creative power will be brought out at Christian Science service this Sunday.

The Lesson-Sermon entitled "God the Only Cause and Creator" includes the account of Christ Jesus' healing of the centurion's servant who was "sick of the palsy, grievously tormented" (Matt. 9).

Among the correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy is the following (21:30):

"Man, governed by his Maker, having no other mind—planted on the Evangelist's statement—that all things were made by Him the Word of God; and without Him was not anything made that was made,—can trill over sin, sickness, and death."

The Golden Text is from Acts (4:24): "Lord, thou art God; and what he said was heaven, and earth, and the sea, and all that in them is."

LDS Church Has Guest Speakers On Sunday

Dr. D. L. Campbell of Fort Lauderdale and Elder Robert D. Sorenson were guest speakers at the Church of Latter Day Saints at Benevolent Hall Sunday evening. Services were set early at 6:30 o'clock in order to permit those who wished to attend the Baccalaureate service at the Belle Glade High School, graduating class.

Mrs. and Mrs. Julius Herring, Mrs. Hattie White and Mrs. Herring attended the Union meeting in Fort Lauderdale, Sunday.

News Of First Baptist Church, Belle Glade

Rev. U. W. Malcolm, pastor of the First Baptist Church, will broadcast the daily devotion over WSWN next week, Monday through Friday, at 8:30 each morning. The subject will be "Life Miracles of Our Savior."

Adrian Rashley who has been away at school has returned from Tigerville, S. C., to Belle Glade and has brought his membership back into the church. The congregation is glad to welcome Adrian back into the church.

Coronation service will be held Wednesday, June 8, at the church at 7:45 p.m. The Junior and Intermediate Classes will advance in their present stage to a step higher. Sara Norman and Susan Clark will be crowned queen.

At the same service the Royal Ambassadors will have a recognition service.

Ladies Aid Meet At Home Of Mrs. Reidel

The Ladies Aid of St. Peter's Lutheran Church met at the home of Mrs. Harold Reidel on Tuesday evening. Mrs. Victor Greene chairman opened the meeting and Mrs. Paul Kirchman gave the Bible study, "Symbol of True God."

The group elected Mrs. J. G. Allhands to meet with the men of the church at their assembly in order to be informed on all events.

The next meeting will be held at the home of Mrs. Allhands and a white elephant sale will be staged. Mrs. Elmer Oaking will have the Bible study.

Others present were Mrs. Louis Kirchman, Mrs. Dallas Nehls, and Mrs. Robert Fleish, Sr.

Recognition Service At Methodist Church

The Holy Communion Service will be observed at the 11 o'clock worship service at the Community Methodist Church on Sunday, June 5.

At 8:00 p.m. a service of recognition for the new members taken into the church during this conference year will be held. One hundred and four new members have been received into the membership of the church since June 1, 1954.

Seats will be reserved for the new members and all are urged to attend. A nursery will be available for pre-school age children. Special music will be featured.

MODERN efficiency for rent—Everything furnished. 109 N.W. Ave. C. 5-27-4t

Owner Rivers Plans New WSWN Look

WSWN's new owner has been conferring with manager Mary M. Foy, and other personnel in the station with regard to the "new face" for the station. Plans for new types of programs and other sales promotion programs have not been worked out at this time. E. D. Rivers, Jr., recently purchased the station from the Seminole Broadcasting stockholders for \$60,000.

Rivers said he would endeavor to render a public service to the Glades area and the 18 south, Florida counties served by the station's 1,000 watts of power. He expressed great optimism when he summed up the possibilities and potentials of the Glades.

He went on to say that he liked Florida and hoped to locate himself in Florida for residence even though he will be further from his other interests in Georgia.

Rivers said he hoped to have the different broadcasting operation into effect by next Monday, but he wasn't certain this could be done. He promised a full explanation of all changes when it happens.

TAXIES AND TRESTLES CITY MGR'S PROBLEMS

Two taxis have been meted out to the city manager, Clarence Robinson, in addition to the regular schedule of taxis. Robinson is currently studying taxi rates in various cities to formulate a policy for this city. He is also set to confer with officials of the Florida East Coast Railway Company concerning the railroad trestle which crosses the Hillsboro canal.

It was announced at the last council meeting that registered letters had been sent to taxi drivers, explaining the policy of limiting the number of cabs to ten. Discussion considered raising the rate for cab operation and whether the commission should set rates. With no decision reached, it was agreed that the city manager would study the problem before the city council acted on any ordinance.

Robinson said that the trestle problem was one of his long-range plans. He said the antiquated trestle doesn't permit loaded trucks to pass under. He went on to point out that the city is in a bind with the F.E.C. to learn what they might do to overcome this clearance problem on the south side of the canal and possibly to permit widening of the street to allow two car passage there.

B. C. WADDELLS GO HOME TO ENJOY LIFE

After twenty-three productive years in the Glades, Mr. and Mrs. B. C. Waddell are returning to Wabasco, near Vero Beach, to enjoy the fruits of a life well spent. The Waddells of mankind and more fully fortify themselves for the rewards of a civilized mankind.

Three years in Lake Harbor and South Bay and the last 20 years in the Glades, Waddell's total of 35 years with the F.E.C. railway, where he spent his seniority to secure a more lucrative job and more fishing time in Vero Beach.

Miss Jeanette, Valetorian of the 1955 graduating class at Belle Glade, is the youngest of four children, all of whom reached maturity while associating with parents always further in civic and religious progress of the community.

Mother filled in at the local schools when teachers were scarce or absent, and otherwise busied herself in successfully watching the children find niches in the world and partners to go along.

The business acumen of the family is reflected in the fact that considerable real estate holdings were accumulated here. Mr. Waddell is reported for his reward at Wabasco and his successor, L. B. Holt, with whom he associated, who has been and begun his chore with Trouble Hofsar's encouragement and help.

DRIVE FOR SWIMMING POOL FUNDS UNDERWAY

The drive for the collection of funds for the Belle Glade swimming pool has begun. Committees received briefings last night at two other meetings in the city where they were given geographical area to canvass.

In addition to a house-to-house canvass, other groups will call at business locations and the packing houses.

The thermometer graph in front of the Chamber of Commerce building here shows that

\$25,043.66 has already been received in donations.

According to plans agreed upon during the Swimming Pool Committee's organizational meeting the swimming pool will be supervised by a commission similar to that set up for the golf course here, that is a commission made up of one member from civic organizations working under the city council.

At last week's meeting Miss Sarah Creech presented plans drawn by Ben York, Director of Recreation for the City of West Palm Beach. These specifications, minimum AAU requirements, call for a 75-foot pool with an adjacent wading pool at a minimum cost of \$35,000.

Tentative plans call for the pool to be 75 feet long, 60 feet wide at the deep end and 42 feet wide at the shallow end.

PIONEER CO-OP

(Continued from Page One)

Glades, Pahokee and Lake Harbor, planning plants and operating organization of the local Co-op, valued at more than three-quarters of a million dollars, had its beginning in the old Pioneer Growers begun by Arthur Wells, Bob Creech, Fritz Stein and the Kruse Brothers.

This organization was later joined with the Belle Glade Co-op, only to have its building burned out in '50. With recuperative powers for the farmers organizations, leadership in number of packages, value of products, and capacity of facilities has been attained. Twenty-six varieties of vegetables have been grown and shipped from more than 10,000 acres.

Members of the Co-op are represented by a 60-acre farmer and by two with near 2,000 acres apiece, and graded in between.

E. A. McCabe, Executive Vice President, announced that a record day of 100,000 pounds when 72 carlot equivalents were shipped from the local platform.

Mr. McCabe has to assist him, in his capacity as Sales Manager, Jack Thorne, Jimmy Wilson and Guy Woods, and a study of the records show that "Mixed Cars" leads the list of items shipped during the year, with celery, corn and cabbage following in order.

Practically one state of the Union and each Province in Canada have been served with Glades vegetables during the season.

While Pioneer Growers tops the list in size and packages shipped, the Glades proudly sustains half dozen other cooperative organizations that have each distributed Glades' vegetables running into millions for the season.

The \$30,000,000 Glades vegetable business for the 1954-1955 season numbers among its organizations, many sales and records of accomplishments in any community, whatever its size, would proudly acclaim in its list of big business.

Co-operatives in the Glades—strictly agricultural—are pointed to by sponsors of cooperatives throughout the U. S. as subjects well to study.

Rotarians Observe FFA Team in Action

At last Friday's regular meeting of the Belle Glade Rotary Club, Mr. Sam Lovell, local agriculture teacher and sponsor of the Belle Glade Chapter of the Future Farmers of America, was in charge of the program.

He brought before the club his parliamentary procedure team made up of local FFA boys. The team, which just recently entered in the FFA contest eliminations, performed as they did at the contest.

Members of the team are: George Farnell, Louis Friedman, John Paul Jones, John Thompson, and Charles Royal. The boys are trained in parliamentary procedure so that they can carry out in business meetings the proper procedure set up by Robert's Rules of Order. The judges give the team a particular problem and the team must proceed to carry it out immediately.

Rotarians were asked to act as judges and to present the team with problems of procedure to carry out. The boys performed well with the problems given them by Rotarians. Their performance showed their excellent training under Mr. Lovell's guidance.

JUVENILE DELINQUENCY

All that the overwhelming majority is doing about juvenile delinquency is—reading.

FORTY-EIGHT STUDENTS GRADUATE—Pictured above are members of the Belle Glade High School Class of '55, who received their diplomas at commencement ceremonies Thursday night, June 2. JAILER GETS NEW HOME

The building formerly used by the jailer as a home has been put up for sale as a result of action taken by the city council at its last meeting. According to city manager Clarence Robinson the building is not too old, however, it was judged to be in a state of more than 30 per cent deterioration.

The building has been vacant more than a year since the jailer, Elton Waldron, is now living in the old Water Department building on the west side of the police station.

If the structure is not purchased, it will be destroyed and removed.

PONY LEAGUE GAMES

Pioneer Growers defeated Duda 7 to 6 Wednesday night. The Pioneer Growers came in from behind to tie the score in the 6th inning with 2 runs. In the last inning with two men out, Richard Checkford hit a home run to win the game. Harley Hollingsworth pitched the game for Pioneer and made his 6th win, with no losses. Walker and McKee pitched for Duda.

Royals	6	Wins	7
Kilgore	4	Wins	9
Duda	4	Wins	8

ROYALS DEFEATED KILGORE

Royals defeated Kilgore Wednesday night in a game of pitching of Glen Hogue 6-4. Cox pitched the game for Kilgore. Binkley led the Royals attack with a 2-run triple.

Standings

Kilgore	001 201 -0-4-2-4
Royals	002 212 -0-7-4-3

Students Donate To Swimming Pool Fund

"When will we get our swimming pool," ask elementary school children of their teachers. The children are asking about the possibilities of a lake, last week, but that it would take money, to build one. Eagerly they offered to save their pennies and show fare, in order to contribute to the fund. Some of them even found odd jobs to do, in order to give more.

The children in grades one through six, have set as their goal, \$100. They started their fund Monday and by Wednesday, they had given \$94.79, so it looks as if they have really done their share.

The Junior High Student Council has not yet decided their contribution, but whatever it is, it will be their best.

In the assembly Monday, for high school and junior high, was explained about the fund, and students expressed their views, on the idea. They were asked to contribute as much as they could. A box has been placed in the office, and some one is putting money in it, almost every minute of the day. There is no other group of appropriateness, for those who want the pool any more than these children. Won't you do your best to see that Belle Glade has a swimming pool this summer?

Five of the questions the public most frequently asks about gasoline and the nation's oil industry were answered today in a statement by Mr. Ivan Van Horn of the local Oil Industry Information Committee. The questions deal with what determines gasoline prices, why there are so many brands of gasoline, monopoly charges, the future of oil as affected by atomic energy, and "myths about a 100-mile-per-gallon carburetor."

"Local competition determines gasoline prices," said Mr. Van Horn. "The individual dealer's gasoline prices tend to stabilize at a point where margin of profit and volume of sales strike the most favorable balance." He pointed out that this oil as affected by atomic energy, process and the fluidity of con-

"definitely not. Each company makes many different gasoline."

"If all gasolines were the same, it would be necessary to develop variations. Otherwise, it would be impossible for each driver to get good performance, as he now can, from his own make and model of engine, anywhere, under any conditions, in any weather."

On the question of monopoly, Mr. Van Horn pointed out that there are some 42,000 oil companies in this country, plus about 200,000 service stations operated by some 190,000 separate and competing concerns. He asserted that monopoly "could never have built today's American oil industry."

"During the past 25 years," he said, "oil companies have increased production by 158 per cent, and have developed literally hundreds of new and better products. The price of their most widely used product, gasoline, is only 7.3 per cent higher (except for taxes) than it was in 1925. And the power this gasoline delivers is 50 per cent higher than it was in 1925. No monopoly, governmental or private, could match this record."

In regard to atomic energy's effect on the oil business, Mr. Van Horn said that "power needs are growing at such a rate that atomic energy will be a welcome supplement to other energy sources for countless years to come."

"Proved U. S. oil reserves today, despite the entire consumption of fifty years of peace and war, are more than ten times the total amount known to exist in 1900," he said. "And petroleum extraction from oil shales, now practical but costly, would yield three times the 34.6 billion barrels of our present proved reserves."

Mr. Van Horn said that reports of the oil industry's suppressing fuel-saving devices such as a "100-mile-per-gallon carburetor" crop up perennially. "No such carburetor has ever been patented, or even stood up to intensive investigation," he said. He added that "patents can't be kept secret," since anyone can obtain copies of any patent granted by the U. S. Patent Office.

"There is none on a 'magic carburetor' or on those equally vaunted 'magic pills' which, when mixed with water, purportedly make motor fuel," Mr. Van Horn said.

The Oil Industry Information Committee representative, who is also distributor for Standard based his statements on information just issued by the OIC, which is sponsored by the American Petroleum Institute.

NOT JUST A HOLE IN THE GROUND, but a couple uh holes — It's the damsite, and some of the pump installation to be placed here. 3-4, the official designation of this pump installation, will serve to pump surplus water from the Hillsboro and North New River Canals into Lake Okechobee, at the rate of more than 2,000,000 gallons per minute. The installation of this foundation and the pumps is being done by the Becker Oil Co., who has recently completed S-5, just east of Twenty-Mile Bend.

400; Luck Jane's Jimbo from Robert K. Martin of West Palm Beach.

The report was according to Fred S. Idtse, Secretary of the Brown Swiss Cattle Breeders' Association in Beloit, Wisc.

Belle Glade To Meet Stuart Sailfish On Their Field Sunday

The Belle Glade Town Baseball Team will play their first game Sunday when they travel to Stuart to meet the Stuart Sailfish.

The game begins at 2:30 p.m. and the team would like to have a few Belle Glade fans up their rooting for them.

The line-up will probably be Ed Kianjac or Walter Mosley, 3rd base; Jerry Gummere, shortstop; Joe Jones, 2nd base; Charles Godwin, rightfield; Perry Ridgion, first base; Eddie Drosby, centerfield; Leo Burke or Kenneth Harris, leftfield; Bobby Jones, catcher and Bud Rouse will be on the mound.

Reserves are Ralph Prescott, rightfield; Ervin McTaggart, leftfield; Van Landingham, centerfield; Jerry Sutton, rightfield.

Teams wishing a game with Belle Glade can do so by contacting Perry Ridgion, Box 68, 542 S.E. 5th St.

Equipment Manufacturer Tells Of Sales Increase

A King McCord, president of the Oliver Corporation, farm and industrial equipment manufacturer, announced important increases in sales and profits for the first six months of the fiscal year, in a speech made today before members of the financial community in Dallas, Texas, according to C. W. McDonald, manager of Glacie and Grov's Supply Co., Belle Glade.

Net sales of regular products for the six months ended April 30, 1955, amounted to \$48,267,000, an upturn of \$8,788,000 or 22 per cent above the corresponding period of 1954. Sales of defense products of \$20,755,000 for the half-year were 7 per cent lower than a year ago. Total sales—regular and defense products—were \$69,022,000 for the current six months, an increase of 12 per cent over the same period last year. Mr. McCord stated that the firm

showing on sales of regular products reflects a primarily higher sales of the company's new line of wheel tractors. Acceptance of these new models by dealers and farmers has been very favorable, and the production schedule on wheel tractors has been increased for the last half of the fiscal year to meet the strong demand. Other new products introduced the latter part of 1954 and in 1955 are also contributing to the improvement in sales of regular products.

Estimated net earnings for the first six months of this fiscal year amounted to \$2,865,000, and increase of 137 per cent over net earnings of \$1,209,000 for the first six months of the 1954 fiscal year. After preferred dividend requirements, the first half-year's earnings were equal to \$1,209,000.

to \$1.29 per share on the outstanding common stock. This compares with earnings of 50 cents per common share in the first half last year.

THIRD ARMORED DIVISION HAS EIGHT VACANCIES OPEN FOR SOUTH FLORIDA

Major Herman L. West, Commanding Officer, U. S. Army Recruiting Main Station, Miami has announced the availability of eight vacancies in South Florida for assignment to the Third Armored Division which is presently stationed at Fort Knox, Kentucky.

Every effort will be exerted to fill these vacancies with some group of young men in South Florida who prefer to stay together throughout their time in the service.

Actually the advantages of joining the Third Armored Division are two-fold: the individual can select his unit at the time of his enlistment, which assures him of staying with the same unit in which he has received basic training and as an added advantage, the individual who enlists for this organization knows that he will go with his "outfit" when it leaves for its scheduled tour in Europe.

Eligibility requirements for enlistment into the Third Armored Division include: applicant must be an American citizen or have filed application of intent to become a citizen; he must be between the ages of 17-34 years of age, must pass a physical examination and make a satisfactory grade on a written qualification examination.

Interested qualified young men can get further particulars of this program by contacting the local Army Recruiter whose address is 725 So. Dixie, West Palm Beach.

THANKS TO DONORS OF BASEBALL EQUIPMENT

The Belle Glade Town Baseball Team wishes to thank and extend their appreciation to the donors of the much-needed baseball equipment, which they are putting to good use.

BELLE GLADE KINDERGARTEN GRADUATING CLASS—Twenty-four members are shown in the class which closed for the summer months following graduation last Friday morning. Pictured are first row, bottom, left to right, Alice Halbrook, Wendell Wells, Jimmy Doolittle, Robert Simmons, Mike Rider, Lee Richmond, Frances Collins, Cliff Collins, Doris Willits, Karen Dexter, Peter Tabit. Second row, left to right, Laura Livingston, Dennis Connell, Jimmy Motes, Steve Ford, Jeanette Reidel, Michael Jacobs, Doug Wedgworth, Rudolph Hooks, Donna Motes, Joe Ellen Hudspeth, Harvey Pearlman, Barbara Ellis and Rhed White. Two of the children, Janet Chambliss and Anna Roberts are not in picture. In the background are Mrs. Hagan Powell, assistant teacher, Mrs. Francis Harris, chairman of the Kindergarten Committee and Mrs. Myrtice Gilman, teacher.

Sponsored by the Woman's Club, the Belle Glade Kindergarten held its graduation ceremony last Friday morning at 10 o'clock at the Everglades Presbyterian Church.

The program opened with the singing of America and a salute to the flag. Mrs. J. W. Mosley in a "Message to the Children" presented a puppet show.

The theme of the program was "Fairy Church" presented by Mrs. Myrtice Gilman in which all the children took part. Included were Jack in the pulpit and Peter Pan and all the children and all the children.

Woodland folk, rabbits, dogs, penguin, cat, tiger, lion, Puss 'n Boots and the birdland choir. Songs of "Davy Crockett" and "Home on the Range" were presented by a trio, accompanied by Mrs. Vernon Dexter, pianist.

In the Toy Chest there were all kinds of creatures including stuffed animals, monkey and clown, dancing doll, hurdy-durdy, Jack in the pulpit and many others portrayed by the boys and girls.

"Magic Kernal" a story written and Peter Pan and all the children and all the children.

win, past president of the Woman's Club. Mrs. Francis Harris, chairman of the kindergarten committee, presented diploma to the children. The benediction was given by Rev. U. V. Malcom.

The Kindergarten committee is composed of Mrs. Harris, Mrs. Sam Knight and Mrs. Bill Rhodes.

As chairman of the Subcommittee on Surface Transportation, I have tentatively scheduled hearings on "Trip and

Washington News Letter

WASHINGTON—The Department of the Navy announced that two additional squadrons will be moved to the Sanford Naval Auxiliary Air Station some time this summer, which will include a heavy attack wing and a heavy training unit. This will mean a personnel increase of approximately 1,000.

Funds For Florida

Hearings were begun a few days ago on the House side on the "Civil Functions" appropriations bill, one of the most important for Florida.

The "civil functions" program that is carried on by the Army Engineers to protect and enhance our natural resources through improvements of rivers and harbors and development of flood control, reclamation, and water conservation projects.

Along with the other members of the Florida delegation, I appeared before the House Appropriations Committee and will soon appear before the Senate Appropriations Committee, strongly urging the following amounts for Florida projects for fiscal 1956:

1. Increase to \$10 million for the Great Flood Control project in South and Central Florida of the Bureau of the Budget's

recommended \$6,300,000.

2. Approval of \$997,000 recommended by the Bureau of the Budget to initiate a four-year program for Tampa Harbor.

3. Provision of funds to carry on channel projects for Apalachicola River and St. George Island Canal, and the Jim Woodruff Dam, both to cost \$1½ million.

4. Funds to maintain and extend the intra-coastal waterway from Jacksonville further southward, \$850,000, as well as funds for other projects important to every section of the state.

Your Florida delegation is working together to bring to Florida these additional developments and improvements which will guarantee greater growth and economic stability.

Progress

When a member of the House, I introduced and saw to enactment legislation eliminating some of the restrictions on travel between the United States and Latin American nations.

Since that time, considerable progress has been made in encouraging visitors to Florida from south of the border. Recently, for this purpose, we urged Immigration Commissioner J. M. Swing to establish permanent clearance procedures in "Good Neighbor" capitals. The travel clearance has now notified me that such inter-American

hearings are in effect. The U. S. Civil Service Examination is planned for Nassau and Havana.

ALLEN JOHN LEE, eighth grade student receives an award from Mrs. Clyde A. Fisher, Regent of the Seminole Chapter of the Daughters of the American Revolution, West Palm Beach, a reward for the highest grade given in Palm Beach County schools on the subject of American history. Frances Ann Fontaine and Wm. T. Forsee, eighth graders from other sections were runners-up, as having received the highest marks in their own sections. The award is an annual event of the Daughters of the American Revolution, the contest being county-wide, to stimulate knowledge of the history of our own country. Prof. Charles Gough is the teacher of these three high scorers.

To qualify, applicants must have had experience in the operation and repair of laboratory electronic apparatus. Pertinent education may be substituted for part of the required experience.

Applications will be accepted until further notice and must be filed with the Board of U. S. Civil Service Examiners, National Bureau of Standards, Washington 25, D. C.

Further information and application forms may be obtained from many post offices throughout the country or from the U. S. Civil Service Commission, Washington 25, D. C.

Thousands Begin Migration North

The Florida migrant laborers' movement to the north is in full swing as more and more workers leave the Glades area to harvest fields as far north as New York and Michigan. The workers, mostly Negroes, leave this area and work through the

climate factors which would

White migrant laborers move comfort to their temporary comes which are comparable in living conditions with those in the local area with the exception that they are not government housing projects.

Laborers said wages in the north were lower as well as higher than here depending on the area itself, the amount of harvest, and other

tend to increase or decrease the amount of work to be done. Speaking primarily of Negro labor, Larimore said that crews returned during August through October—many earlier in order to have their children in school at the proper time.

White migrant laborers are primarily into Michigan and Indiana as well as Ohio for cherry picking, tomato and apple picking and sugar beet harvesting. Still others enter the eastern seaboard states for the picking of some cotton and harvesting of the various potato crops.

Unlike the Negro workers who have many—if not all—white laborers must provide their own transportation north. Their housing is not generally provided at their destination.

Manager Larimore said that in addition to the procurement of labor for northern harvests, the Employment Service also handled the shifting of labor crews within the state. During peaks in the season in the Glades, workers are recruited in coastal areas from Fort Myers and Fort Pierce. When harvesting waxes in the interior, the agency handles the trading of workers from the Glades to the coast.

Even though great numbers of laborers were handled and are being handled by the local agency, Larimore said movement through the office has been slow this time possibly because of the new location of the office and those wishing to work were unable to contact employment officials. The new building here is located at S.E. Avenue D. The state employment offices there number four during the slack season. The agency is operated by federal funds.

AERIAL MOSAIC MAPS OF CITY AUTHORIZED AS TAX AND PLANNING AIDS

During the last city council meeting May 25, the group heard a recommendation from city manager Clarence Robinson that the city purchase an aerial mosaic and tax maps of the city. A sample map and bid were submitted by the Mosby Map Company for a sum not to exceed \$15,000.

The Planning Board recommended approval of the purchase to enable them to work more closely with the County Planning Board. The maps, including the camps, chosen and one-half mile fringe of the city will enable the board to keep other maps of the areas up to date. The city can print and sell other maps to reimburse the city expense.

The board agreed to advertise for other bids before purchasing.
